MEMO

DATE: April 18, 2019 (Agenda)

TO: LAFCO Commissioners

FROM: Bill Nicholson, Executive Officer

RE: California Association of Local Agency Formation Commissions (CALAFCO)
Legislative Committee Update
(**Agenda Item VII.B.**)

In order to set priorities for the Executive Director, Pamela Miller, and the Legislative Committee regarding what type of legislation to monitor and promote, the CALAFCO Board of Directors adopted the following Legislative Priorities for 2019:

Primary Issues:

- Authority of LAFCo
- Agriculture and Open Space Protection
- Water Availability
- Viability of Local Services

Issues of Interest:

- Housing
- Transportation
- Flood Control
- Adequate Municipal Services in Inhabited Territory

The current legislation being tracked by CALFCO given these legislative priorities are summarized in the attached "CALAFCO Daily Legislative Report." The highest priority bills are under the heading "1" which includes the bills from Page 1 to Page 5 of the attached report, while Priority "2" bills are on Pages 6 and 7, and Priority 3 bills are listed on Pages 8 and 9.

As a member on the Legislative Committee, I will be prepared to give a brief summary of key legislation (the Priority 1 bills) the Legislative Committee has been tracking, and if I receive any direction from the Commission I will be able to report back to the Committee any issues or concerns of the Commission. The next Legislative Committee meeting will be on May 3, 2019.

As a reminder, the Commission already approved letters of support for two Assembly Bills this legislative session: the Commission may wish to take a position on. As a brief summary, the four Bills are:

- AB 1253 (Rivas) proposing one-time grant funding of \$1.5 million over 5 years for local LAFCO studies on governmental efficiency – specifically leading to dissolution or consolidation of districts involving disadvantaged communities. It also proposes reimbursement to LAFCOs for costs to process dissolutions required under AB448 (which involved two dissolutions in Merced County approved by the Commission at the March 21st public hearing. The bill is currently in the Assembly Local Government Committee.
- AB 213 (Reyes) restoring Vehicle License Fee funds to inhabited city annexations previously shifted away through ERAF transfers by the State.

More information on the benefits of each bill are provided in the attached draft letters of support, but the details of AB 2258 are provided in more detail as this Bill has been referenced at recent Commission meetings. AB 2258 follows directly from the recommendations of the Little Hoover Commission Report on Special Districts in the last legislative session, which recommended several measures to support LAFCO operations and independent special district efficiencies.

Recommended Action

No action is requested at this time. Future requests for position on individual bills will be brought for consideration as the CALAFCO Legislative Committee seeks letters of support or opposition. However, if the Commission has interest in any legislation, direction can be given to send a position letter, and a copy can be forwarded to the CALAFO Legislative Committee for coordination.

Summary:

The California Safe Drinking Water Act requires the State Water Resources Control Board, before ordering consolidation or extension of service, to, among other things, make a finding that consolidation of the receiving water system and subsumed water system or extension of service to the subsumed water system is appropriate and technically and economically feasible. This bill would modify the provision that authorizes consolidation or extension of service if a disadvantaged community is reliant on a domestic well described above to instead authorize consolidation or extension of service if a disadvantaged community, in whole or in part, is reliant on domestic wells that consistently fail to provide an adequate supply of safe drinking water.

Position: Watch

Subject: Disadvantaged Communities, Water

CALAFCO Comments: This bill allows the SWRCB to order an extension of service in the case a disadvantaged community has at least one residence that are reliant on a domestic well that fails to provide safe drinking water. It allows members of the disadvantaged community to petition the SWRCB to initiate the process. It allows the owner of the property to opt out of the extension. The bill also places limitations on fees, charges and terms and conditions imposed as a result of the extension of service. Finally, the extension of service does not require annexation in the cases where that would be appropriate.

AB 600 (Chu D) Local government: organization: disadvantaged unincorporated communities.

Summary:

The Planning and Zoning Law requires a city or county, on or before the due date for the next adoption of its housing element, to review and update the land use element of its general plan based on available data, including, but not limited to, the data and analysis of unincorporated island, fringe, or legacy communities inside or near its boundaries, as provided. That law requires the updated land use element to include, among other things, an analysis of water, wastewater, stormwater drainage, and structural fire protection needs or deficiencies for each identified community. This bill would define the term "needs or deficiencies" for these purposes to mean both deficient services and lack of services, as specified.

Position: Oppose

Subject: Disadvantaged Communities, Water

CALAFCO Comments: This bill creates a requirement for all cities, counties and certain special districts to develop an accessibility plan if they have DUCs identified in the land use element of the

respective city or county. The accessibility plan is intended to be a plan for services to get those DUCs drinking water, wastewater and fire services. Contents of the plan are questionable (at best) and include things such as the identification of the entity best positioned to provide the service; actions necessary to be taken by the LAFCo to enable the provision of services to the DUC; any action the local agency feels the LAFCo will require them to take; cost/benefit analysis; and funding analysis. The agency then must submit the plan to the LAFCo, who is required to approve or conditionally approve within 90 days of receiving in a public hearing.

The bill includes as a purpose of the commission, to consider "equity" in addition to local circumstance and conditions, yet the bill leaves this term undefined.

The bill allows extension of service without annexation if a majority of residents (not registered voters) oppose the annexation.

The bill also requires each LAFCo to conduct a public hearing with two years of the approval of an accessibility plan for each entity to review the status of the plan, and if insufficient action has been taken, to authorize and initiate a change of organization, reorg or extension of service. In addition to the many troubling part of this process, the timing does not make sense because the bill also requires the service provider to issue reports to the state at the same time.

The bill also prohibits a LAFCo for adopting, amending or updating a SOI if: (1) a disadvantaged community is being removed from the sphere (unless the LAFCo can make findings that the removal of the area will result in an improvement in service delivery, (2) a sphere that fails to include a disadvantaged community that is contiguous to the proposed sphere unless the commission finds the exclusion of the area results in improved access to drinking or waste water; and if the service provider has not taken action pursuant to their accessibility plan two or more years prior to the amendment or update of the SOI.

All of these actions for LAFCos, cities, counties and special districts are unfunded mandates.

Summary:

This bill would require the Strategic Growth Council, until July 31, 2025, to establish and administer a local agency formation commissions grant program for the payment of costs associated with initiating and completing the dissolution of districts listed as inactive, the payment of costs associated with a study of the services provided within a county by a public agency to a disadvantaged community, as defined, and for other specified purposes, including the initiation of an action, as defined, that is limited to service providers serving a disadvantaged community and is based on determinations found in the study, as approved by the commission. The bill would specify application submission, reimbursement, and reporting requirements for a local agency formation commission to receive grants pursuant to the bill. The bill would require the council, after consulting with the California Association of Local Agency Formation Commissions, to develop and adopt guidelines, timelines, and application and reporting criteria for development and implementation of the program, as specified, and would exempt these guidelines, timelines, and criteria from the rulemaking provisions of the Administrative Procedure Act. The bill would make the grant program subject to an appropriation for the program in the annual Budget Act, and would repeal these provisions on January 1, 2026. This bill contains other existing laws.

Position: Sponsor

Subject: Disadvantaged Communities, LAFCo Administration, Municipal Services, Special District Consolidations

CALAFCO Comments: This is a CALAFCO sponsored bill following up on the recommendation of the Little Hoover Commission report of 2017 for the Legislature to provide LAFCos one-time grant funding for in-depth studies of potential reorganization of local service providers. Last year, the Governor vetoed AB 2258 - this is the same bill. The Strategic Growth Council (SGC) will administer the grant program. Grant funds will be used specifically for conducting special studies to identify and support opportunities to create greater efficiencies in the provision of municipal

services; to potentially initiate actions based on those studies that remove or reduce local costs thus incentivizing local agencies to work with the LAFCo in developing and implementing reorganization plans; and the dissolution of inactive districts (pursuant to SB 448, Wieckowski, 2017). The grant program would sunset on July 31, 2024.

The bill also changes the protest threshold for LAFCo initiated actions, solely for the purposes of actions funded pursuant to this new section. It allows LAFCo to order the dissolution of a district (outside of the ones identified by the SCO) pursuant to Section 11221 of the Elections code, which is a tiered approach based on registered voters in the affected territory (from 30% down to 10% depending).

The focus is on service providers serving disadvantaged communities. The bill also requires LAFCo pay back grant funds in their entirety if the study is not completed within two years and requires the SGC to give preference to LAFCOs whose decisions have been aligned with the goals of sustainable communities strategies.

The fiscal request is \$1.5 million over 5 years. CALAFCO is attempting to get this in the May revise budget so there is no General Fund appropriation (the reason Gov. Brown vetoed the bill).

Subject: CKH General Procedures

CALAFCO Comments: This bill allows LAFCo, when approving a proposal for new or different functions or class of service for a special district, to propose the district provide payments to any affected local agency for taxes, fees or any other revenue that may have been lost as a result of the new service being provided.

Summary:

Current law authorizes the State Water Resources Control Board to order consolidation of public water systems where a public water system or state small water system serving a disadvantaged community consistently fails to provide an adequate supply of safe drinking water, as provided. This bill, the Consolidation for Safe Drinking Water Act of 2019, would authorize a water or sewer system corporation to file an application and obtain approval from the commission through an order authorizing consolidation with a public water system or state small water system, or to implement rates for the subsumed water system.

Position: Watch

CALAFCO Comments: This bill allows for water (public or state small) or sewer systems corps to file an application for consolidation with the SWRCB.

Summary:

Current law requires a commission to develop and determine the sphere of influence of each city and each special district within the county and enact policies designed to promote the logical and orderly development of areas within each sphere. Current law requires the commission, in order to prepare and update spheres of influence in accordance with this requirement, to conduct a service review of the municipal services provided in the county or other appropriate area designated by the commission, as specified. Current law defines "sphere of influence" to mean a plan for the probable physical boundaries and service area of a local agency. Current law defines the term "service" for purposes of the act to mean a specific governmental activity established within, and as a part of, a general function of the special district, as specified. This bill would revise the definition of the term "service" for these purposes to mean a specific governmental activity established within, and as a part of, a function of the local agency.

Summary:

The Fire Protection District Law of 1987 provides that whenever a district board determines that it is in the public interest to provide different services, to provide different levels of service, or to raise additional revenues within specific areas of the district, it may form one or more service zones by adopting a resolution that includes specified information, fixing the date, time, and place for public hearing on the formation of the zone, publishing notice, as specified, hearing and considering any protests to the formation of the zone at the hearing, and, at the conclusion of the hearing, adopting a resolution ordering the formation of the zone. If a resolution adopted after the public hearing would substantially expand the provision of services outside of an existing service zone and the extension of service would result in those persons in the expanded area paying charges for the expansion of services, this bill would provide that the resolution does not become effective unless approved by a majority of the voters within the expanded service area.

Position: Watch

CALAFCO Comments: This bill amends the Health & Safety code regarding the formation of zones within a fire protection district by requiring the district hold an election, regardless of the protest level, if the district wants to substantially expand services outside the zone. This is unrelated to 56133. CALAFCO will retain a Watch position.

Summary:

Would create the Small System Water Authority Act of 2019 and state legislative findings and declarations relating to authorizing the creation of small system water authorities that will have powers to absorb, improve, and competently operate noncompliant public water systems. The bill, no later than March 1, 2020, would require the state board to provide written notice to cure to all public agencies, private water companies, or mutual water companies that operate a public water system that has either less than 3,000 service connections or that serves less than 10,000 people, and are not in compliance, for the period from July 1, 2018, through December 31, 2019, with one or more state or federal primary drinking water standard maximum contaminant levels, as specified.

Position: Watch**Subject:** Water

CALAFCO Comments: This bill is very similar to AB 2050 (Caballero) from 2018. Several changes have been made. This bill is sponsored by Eastern Municipal Water District and the CA Municipal Utilities Assoc. The intent is to give the State Water Resources Control Board (SWRCB) authority to mandate the dissolution of existing drinking water systems (public, mutual and private) and authorize the formation of a new public water authority. The focus is on non contiguous systems. The SWRCB already has the authority to mandate consolidation of these systems, this will add the authority to mandate dissolution and formation of a new public agency.

LAFCo will be responsible for dissolving any state mandated public agency dissolution, and the formation of the new water authority. The SWRCB's appointed Administrator will act as the applicant on behalf of the state. LAFCo will have ability to approve with modifications the application, and the new agency will have to report to the LAFCo annually for the first 3 years.

Summary:

The Mitigation Fee Act, among other things, requires fees for water or sewer connections, or capacity charges imposed by a local agency to not exceed the estimated reasonable cost of providing the service for which the fee or charge is imposed, unless a question regarding the amount of the fee or charge imposed in excess of the reasonable cost of providing the service or materials is submitted to and approved by 2/3 of the electors voting on the issue. This bill would state that a fee or charge for the extension of water or sewer service may not be utilized for facilities or services other than those for which the fee or charge is imposed.

Position: Oppose**Subject:** CKH General Procedures

CALAFCO Comments: UPDATE AS OF THE 4/11/19 AMENDMENTS: These amendments address all of our concerns and the bill now only addresses fees.

This bill does 3 things. (1) Seeks to add a provision to 56133 that requires LAFCo to approve an extension of service regardless of whether a future annexation is anticipated or not. It further requires the service provider to extend the provision of service to a property owner regardless of whether there is a pending annexation or pre-annexation agreement. The newly proposed subsection directly contradicts subsection (b). (2) Changes the definition of "fee" by requiring the new fee "is of proportional benefit to the person or property being charged." There is no reasonable definition or application of "proportional benefit". (3) Narrows the scope of application

of Section 56133 to water or sewer service; and prohibits the service provider to charge higher fees and charges to those outside the jurisdictional boundaries.

Current property tax law, for the 2006–07 fiscal year, and for each fiscal year thereafter, requires the vehicle license fee adjustment amount to be the sum of the vehicle license fee adjustment amount for the prior fiscal year, if specified provisions did not apply, and the product of the amount as so described and the percentage change from the prior fiscal year in the gross taxable valuation within the jurisdiction of the entity. Current law establishes a separate vehicle license fee adjustment amount for a city that was incorporated after January 1, 2004, and on or before January 1, 2012. This bill would establish a separate vehicle license fee adjustment amount for a city incorporating after January 1, 2012, including an additional separate vehicle license fee adjustment amount for the first fiscal year of incorporation and for the next 4 fiscal years thereafter.

Summary:

Would create the Omnitrans Transit District in the County of San Bernardino. The bill would provide that the jurisdiction of the district would initially include the Cities of Chino, Chino Hills, Colton, Fontana, Grand Terrace, Highland, Loma Linda, Montclair, Ontario, Rancho Cucamonga, Redlands, Rialto, San Bernardino, Upland, and Yucaipa, and specified portions of the unincorporated areas of the County of San Bernardino. The bill would authorize other cities in the County of San Bernardino to subsequently join the district.

Position: Oppose unless amended

CALAFCO Comments: This is a special act district formation. The bill takes what is currently a JPA and transforms it into a special district. The bill specifically addresses annexations and detachments and dissolution processes that do not include LAFCo. Also of concern is the lack of specificity in the process for adding new board members when a territory is annexed.

SB 654 (Moorlach R) Local government: planning.

Summary:

Current law, the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, makes certain findings and declarations relating to local government organizations, including, among other things, the encouragement of orderly growth and development, and the logical formation and modification of the boundaries of local agencies, as specified. This bill would make nonsubstantive changes to these findings and declarations.

CALAFCO Comments: This is a spot bill. The author indicates he has no plans to use this for LAFCo law.

4/24/2019 9 a.m. - Room 112 SENATE GOVERNANCE AND FINANCE, MCGUIRE, Chair

Summary:

Current law requires the governing body of a public agency, within 70 days after the commencement of the agency's legal existence, to file with the Secretary of State, on a form prescribed by the secretary, and also with the county clerk of each county in which the public agency maintains an office, a specified statement of facts about the agency. Current law requires this information to be updated within 10 days of a change in it. Current law requires the Secretary of State and each county clerk to establish and maintain an indexed Roster of Public Agencies that contains this information. This bill would instead require the Secretary of State and each county clerk to establish and maintain an indexed Registry of Public Agencies containing the above-described information.
